 the 25th and 26th. Senator Rudman will be here on the morning of the 25th and Sr. Fernando Ramirez is still on the agenda for the afternoon of the 25th. Stephanie Fawcett from the JFK Library will be here on the morning of the 26th, and we agreed that we would start the open meeting at 1:30 p.m. on the 26th instead of at 2:00 p.m. as we had previously scheduled (2) Final Report Italked with Elliott Negin this morning before our conference call. Elliott is working his way through our report and is preparing an letter that will contain his suggestions for this draft of the report. We will have his letter in time to discuss his suggestions at the meeting. (3) Ballistics Testing On Monday, we received the final version of the letter from NARA explaining its position on the ballistics testing. Enclosed with the letter is a 19 page report outlining NARA's evaluations withregard to the testing along with a recommended course of action. As I reported last week, NARA intends to complete the testing before the Review Board terminates its operations, but will probably not issue its report until several weeks after September 30, 1998. (4) Schiller/Russia In our conference call last week, I reported that Schiller would be willing to donate his records, provided that NARA agree not to open the records for seven and 1/2 years. In our conference callthis morning, we agreed that one or more Board members should talk to Schiller personally about different ways to structure the release. We agreed that, at some point in the process, Ron should depose Schiller regarding the authenticity of the records that he donates to the U.S. government. Fortunately, Schiller has already told Leslie Batchelor at DOI that he would volunteer himself for a deposition on the authenticity of the records he will donate.(5) KodakKodak has completed some drafts of its analysis of the authenticity and provenance of the Zapruder film. We should be receiving Kodak's drafts today in an Express Mail package. (6) Dallas DoctorsThanks to Ron's dil	NR_key_name:	69B1592830B9932B852566650056D432
