Subject: Leslie Batchelor
Ron,Did you know that Leslie sent a letter to Bob Bennett saying that the government had done an authenticity study of the Z. film and that DOJ considered it to be fair use? Doug told me about it today and I was a little surprised. I don't know that any harm will come of it, but I just didn't know it was happening. I think it would be good, in the future, for Leslie to send us drafts of letters that involve the Board before she finalizes them and sends them out.Thanks,Laura
