AMSubject: Marty UnderwoodI spoke with him this morning. He is sick with bronchitis (his voice didn't sound too good so I believe him) and has been in bed for 10 days. He mentioned being rather upset about the Hersch book. He requested that he call me in a couple of weeks after he has recovered. He offered to give you his Doctor's name and number if you wanted verification. I didn't think that was necessary.
