Subject: laptop

Chet--I am going to bring my laptop in on Thursday for help! Please bring in the PC Anywhere disks to install so that I can transfer my files.I had an inspiration that I could e-mail the docs to myself and then replicate my email and save them to disk here, but in the meantime by replicate doesn't work anymore. So we'll need to get that running again also.PC Anywhere worked in a pinch but it doesn't disable my call waiting so anytime someone called I got kicked off the network and irregularly exited my spreadsheets. As you can probably tell, my frustration level grew pretty high!In any case, my laptop now has an appointment with you to make it all better! Thanks.
