I will discuss them with her today.1. Photographic Evidence-Mexico CityWhat did the Warren Commission ask for?Find references in Warren Commission Report regarding attempts to locate photos of Oswald Gather all records of photographic coverage of the Cuban and Soviet compounds in Mexico City for dates corresponding to Oswald's visit - Sept. 27 to October 2, 1963. No need to make copies, just need to verify what is in the collection. I'll explain more later. These should all be open in full at NARA Gather all records pertaining to mystery man photo these should also be at NARA2. Evidence of Oswald Voice TapeFind reference to the existence of Oswald voice tape in Warren Commission.3. Go to Library of Congress and run a search on books published about the assassination in the 1964-67 timeframe. I just need a list of authors, titles and publishing houses. I am especially interested in anything published by Praeger Publishing. Document the sources used to conduct searches.
