Subject: Florida Trip

AMSubject: Florida TripYour proposed plan for the Florida trip covers everything that I would regard as relevant to our records collection mission. As for my own 2 cents, the only other thing I would add, per Fonzi's recommendation, would be to contact Gladys Sforza, the wife of the late Joseph Sforza who had ties with David Morales. According to Fonzi, Gladys runs a front company in Miami and she may have whatever records her husband had on Morales as their "operational links go back a long time." I would rate this as a moderate-low value. Another one to consider is Marita Lorenz, depending on what else we find prior to the trip. I only mention her because of what Fonzi said, but would not give it a high priority.
