Subject: Re: Reference Houston Article
I put the researcher's name and phone number in the note I posted on the LaFontanes on the public contacts database. (The LaFontane's number and address is on the public contact profile list.) If you call him, you should probably refer to Mary LaFontane as the person who suggested we call. Let me know if you have any questions or if you can't find what you need.

Thanks! Would like to know the name of the researcher and address if you have it.
