Subject: Re: Davy Letter
Thanks for the correspondence "audit trail" description. We need to figure out what to do with the FOIA-related queries, which have been routed to me for our followup of the status of pending requests as a legislated priority. I've only received a couple so far, but don't know if others have been received that I haven't seen. I do want to be sure all the info is in the system for the analysts to use and so you have a complete record of all public contacts. (I've given you copies of the couple of letters I've sent out in response to letters addressed to me on this issue.) We should probably all take a few minutes to coordinate on this and make a plan just so nothing falls through the cracks nor do we inadvertently duplicate work. Any thoughts?
