**Subject:** Re: NARA-LBJ documents

Look up the RIF numbers on the Open, Postponed, and Referred databases. Print out a sampling of them.

Jeremy, In reference to our earlier telephone conversation relating to the NARA-LBJ documents: Steve Tilley stated that he would need RIFs or series numbers in order to track down the LBJ documents. He said that there were over 85 boxes of LBJ-related docs, and would need more specific instructions before he could pull out the relevant materials. I plan on returning to Archives II on Thursday, perhaps a call to Steve tomorrow AM once the RIF nos. are specified would be a good idea. Thanks, Manuel
