Subject: Re: Computer Virus

In truth, it is not the "Good Times" message that is conveying the virus. It is Tracy's message that contains the virus. Do not spread Tracy's message to anyone!!!!To:ALLcc:From:Tracy Shycoff/ARRBDate:04/27/95

09:12:24 AMSubject:Computer VirusFor those of you who use the internet...there is a computer virus that is being sent. The subject line is "good times". You are urged not to read this message and if you do to delete it immediately. Do not download or forward the message either. Apparently this virus rewrites your hard drive and wipes out anything that's on it.We have been asked to help spread the word to anyone who uses the internet.
