Sorry for the stream of consciousness emailing, but
Jeff Goldberg also mentioned that much of the New Orleans story rests in obscure and counter culture
journals and articles from the 1960's and early 1970's. Goldberg also mentioned that Paul Hoch is a good
source for obscure journals and articles. If we don't already have his "New Orleans bibliography" of relevant
journals and articles we should find out if he has one, literally or figuratively, or at least get his suggestions for
what to target in this genre.
