Subject: Re: Party?

Your graciousness at excusing my mid (OK, almost late) 30's senility is kind and greatly appreciated. It also makes it obvious that I don't know where I'll be or when I'll be there. On June 9 I expect to be in New York interviewing an investigator applicant at 6:00pm so I guess I'll miss it on that score. Please keep trying. I do not lead an exciting or glamorous life, I just end up doing a lot of work type stuff out of town on Fridays, it seems.

Before I reluctantly, nay, almost tearfully, accept your regrets and inability to join us that evening, I thought I should point out that June 9 is not this coming Friday night, but the following week. If you will be in transit to the Big Easy this coming Friday, as I understood from your RSVP, then you would still foreseeably be able to join us for the critical screening of JFK. Perhaps you have other obligations, and I am prepared to accept that eventuality. However, I wished to make one more attempt at procuring your attendance. Thank you for your patience and understanding.

This was sent to A&R but I get all your messages so I thought I'd RSVP with regrets. I'll be in transit from New Orleans this Friday night.

Please let Christopher know whether you are available for a critical screening of JFK on Friday, June 9. THIS IS ONLY A TEST. DO NOT PURCHASE NEW PARTY ATTIRE UNTIL THIS DATE IS CONFIRMED.
