Subject: Re: Reminder on Interns

I am e-mailing you a copy of a memo outlining the summer interns' hours. I will place Frank Menna's resume in your in-box, but his is the only resume I have. I believe that Dennis has some of the others and that you have Delaney's. I do not know whether the interns have their first assignments yet. As we discussed last week, one intern could work with me on the Government in the Sunshine and FOIA compliance research. Based on the lunch discussion, it sounds like Delaney and Dan are ready to go to Archives II to start working on the ballistics and the LBJ documents. Perhaps we should find out when one of the analysts will be going up to Archives II and that person could orient the interns there. Frank could accompany Delaney and Dan on that initial trip. Finally, Phil may want to talk to Frank about what it makes sense for him to start reviewing at the FBI FOIA reading room. I talked to Carol Keeley about having the interns come to the FBI. The interns will need to go into the visitors' entrance at the driveway on 10th Street and go through the metal detector. They need to bring picture IDs and they will have to get visitor badges. Do Frank, Don, and Delaney now have their first projects?
