Subject: Re: Garrison books

Without prejudice to your characterization of my bibliographic holdings, I do have a copy of Garrison's Trail of the Assassins. Remind me tonight at home and I will give it to you.

As owners of the largest private holdings among the staff, would one of you be proud owners of either of Garrison's books, A Heritage of Stone or On the Trail of the Assassins? Neither is in our ARRB library, and I am still trying to run down the issue of whether anyone ever got access to, or copies of, the grand jury minutes of the Shaw trial. You need reply only if you have one of the the books; I'll assume your silence is a negative
