**recstat:** Record

**Categories:** all about the alarm, etc. I received several responses from staff members who have set the alarm off as early  
as 5:40 pm. They are not angry but they didn't appreciate being reminded not to set off the alarm when most  
of them are aware of the time, yet often set the alarm off before 6 pm. Should I call Woody to let him know  
about the early alarm setting? Do you have a number?
