Subject: Re: Govspeak
Wow, Picard and Troi? I never really thought about that angle. I guess it makes sense in a subtle way. I don't know if identify is quite the right word but I really like Worf because he often has to suppress his more aggressive tendencies, working under the authority of "mere" humans and coping with the humiliation of being "Son of Morg" after that whole Kitimar debacle. I don't even mind that they tried to soften him a little by making him a single father. The scene with Spot and Worf was great. He was holding the cat like some offensive little "creature." I'm not very fond of cats, they make me nervous. Now, for your thoughts on Q. Isn't he the most maddening individual? He really resents Picard. Least developed character, Wesley Crusher.
Body: Simpering do-gooder sap.
