**Subject:** Re: federal directories, manuals

U.S. Government Manual, [current edition]. Right now, all we have is the U.S. Government Manual, 1993/94, which for the Justice Department (and I suspect many other parts of the government) is hopelessly outdated. Dennis should know the exact name for what I would describe as a style manual, dealing with forms of address, etc. I will ask him to pass it on to you. She is going to order some texts soon.
