Subject: Re: Gum Shoe Issue #20 call report of 6/28
David - I don't want to leave Equifax hanging too long on this but I would like to try Cinda Elser first. If she can't do anything, then we can give it to Equifax if you want to spend the \$. I posed a hypothetical to her about finding a name with a first name only and unpublished telephone number and she seemed to think she could achieve positive results. Cinda charges \$25.00 an hour plus expenses (calls, computer on-line time, etc.). We may also be able to arrange a flat rate with her to get the information. Let's talk about this.

Categories: Please read this when you get a chance. It concerns Equifax and their attempt to locate DON. How do you want to proceed? Do you want to draft a subpoena for the Southern Bell Telephone Company to turn over the records?
