Subject: Re: Archives I
You may have already spoken with Michelle, who inquired verbally on the same subject, but my next trip to Archives I is slated for Friday morning. Matt will be personing the office early (probably from 7:00 AM or so on) and also leaving early (noon). Joan will probably be joining me at some point in an effort to finish off a Secret Service-related task, but at least one additional person would be no problem.

Could you please let me know when you will be taking your next trip down to the Legislative Vault? Michelle and I would like to tag along if you have an appointment scheduled for this week or next week. Thanks
