Subject: Re: Control Cases for I.D. Card Study

I've just written the fax and letter for Jerrie to send. With a bit of luck (actually, she may be on phones for the rest of today) it may go late today, or first thing tomorrow morning, for sure. I'll let you know as soon as I have the replies.

Anne, per our discussion this date, here are eight requests where I have been able to match a name with a service number. We need the "Administrative Remarks" and "Record of Service" pages of the service records ONLY, not the entire service record:

	Name (First, Middle, Last)	Service
Number	Owen DEJANOVICH	1650111 Zack STOUT
1607642	John Rene HEINDEL	1543855 Richard Dennis CALL
1592894	Robert Royce AUGG	1596827 Kerry THORNLEY
1573354	Paul Edward MURPHY	1612076 William Kenneth TRAIL
