On 8/22, you e-mailed me about document #104-10018-10045. Are you saying that there is no such document? If it isn't in its correct place among the other hard-copy documents in the Oswald boxes, then it should be somewhere. And there should be some record of it on some data base. I will check with Gloria about it, but I think you should check with Chet first about why this number is missing from all our data bases. Mary, Since we have boxes 1-3 again, I checked for this document which for some unknown reason I imagined was missing. There is no problem here. 104-10018-10045 is an open in full document which can be found in box 3, file 8. Sorry for the false alarm.
