Subject: Re: FedEx Package Receipt
Thank you. I expect to send several boxes in the next few days - they should arrive in the office on Thursday. One will be from the Louisiana State Archives (photocopies of Clay Shaw's trial record); the other will be more of Jim Garrison's files from his son Lyon. If peopel want to go through the boxes that's fine with me, in fact please tell David and Tom when they arrive. Please save the shiiping labels for me so I can keep track of what I sent and what arrived. Thank you. I'll talk to you later today.In case I forget to mention it I'll send you an email later this week (probably Thursday night) with information for the weekly Update.
