1. I'm not sure. 2. I don't know. I don't have it. 3. Do not incorporate it either in whole or in part. Simply include its best leads.

I'm working on the tracking chart update project. During the 10/11/94 ARRB Hearing, there are references in Jim Lesar's testimony (and subsequent Q & A) which suggest Lesar submitted some sort of document/chart detailing various informational requests. Questions: 1) am I right, 2) does it exist somewhere in our files, 3) should I incorporate it (in whole or in part) into the tracking chart?
