**Subject:** Re: Adelle Edison

I showed Doug everything we have in her correspondence file and none of it contained what he is looking for.

PMSubject: Adelle EdisonIf we have any correspondence from this person regarding her JFK Assassination claims, I need copies! Jeremy has me working on a project involving her claims, and he referred to her "correspondence" with us, but all I have is what she said in one of the transcripts. I checked with Joe Freeman, and he does not have anything from her in his outside contact files.
