Subject: Re: Corrected Recent Internet Correspondence

You were so right, Dave, when you suggested that lots of people with collateral interests in the assassination and the ARRB would appear on the Internet! Tom - Relative to this inquiry and any other that Dave may get over the Net: will you handle the responses and shall Dave just continue to send you the email messages, or is there another method you want him to use? To: Tom Samoluk/ARRBcc: Anne Buttimer/ARRB From: Dave Montague/ARRB Date: 11/17/95 09:36:41 AM Subject: Corrected Recent Internet Correspondence I forgot to include the message... Sorry!!! I received this E-mail this morning and wondered if this is a public affairs issue... I would like to discuss it with you when you have time in order to properly handle the inquiry... Thanks... I am a math and science teacher at Brehm Preparatory School. In addition to our regular content classes, one of the elective classes concerns a research class about the Kennedy assassination. Over the past year we have made 2 trips to Dallas as well as to Notre Dame to meet with Robert Blakey. Both have been very informative. As a part of our work we are trying to set up ongoing correspondences with other researchers and schools with similar interests. We have also contacted the Records Rev Board and are on their mailing list. I am confused about how to actually get copies of the material that has been released. Does all of that come out of the National Archives or does the ARRB distribute copies. It is good to be in touch with an actual researcher. Keep up the good work. Thanks, Paul Kosuth prkosuth@prairienet.org c/o Brehm Preparatory School 1245 E.
