Subject: Re: max
Talked with Max....and talked...It seems we need two things to continue one is a new manual, the second is a PCI2000 interface module for our computer. Max says we can purchase both from the company that put in the Card Reader.I was able to go thru the software with him and now know how to enter the pager numbers once we get the above.To:Chet Rhodes/ARRB, David Marwell/ARRBcc:From:Tracy Shycoff/ARRB
Date:12/07/95 03:55:20 PMSubject:Maxmax will call on Monday night at 6:00 for you, chet, as you requested. However, if he forgets to call you, he said for you to call him (703-968-7314). He also said that he gave us the documentation in a binder that says "Napco Security Systems". If we don't have it, he can get us another one.On another note, Chet, you asked me to remind you of Tim Wray's spelling for his account. There it is!
