**Subject:** Re: Cover sheet, re: transmittal to NARA of CIA consent releases of HSCA testimony from Dec. Board meeting  
I think a cover sheet with the Federal Register language is the way to go.To:David Marwell/ARRBcc:Jeremy

AMSubject:Cover sheet, re: transmittal to NARA of CIA consent releases of HSCA testimony from Dec. Board  
meetingThere were four Security Classified Testimony CIA-consent releases that were referenced in the  
Federal Register Notice of the Board's December meeting (language from the Fed Reg notice attached to  
hardcopy of this E-Mail). These documents will be going out to Steve Tilley with the documents formally  
processed by the Board at that meeting sometime before the end of the week.There are no Final  
Determination Forms for these documents, so the question arises as to whether there should be some other  
kind of ARRB-referencing cover sheet for them. Jeremy thinks there should be, and asked me to run the  
question by you.We could just use the language from the Federal Register notice -- or devise something  
different. Any thoughts?
