Subject: Re: Comp time question

Comp time cannot be earned in lieu of lunch. I think we discussed this a few weeks ago, but if not here are some guidelines on earning comp time:Comp time can only be earned if you are required to work late or come in early for a specific project. Comp time must be approved in advance by your supervisor. (We are in the process of implementing forms for this.) In the case of computer stuff with Chet, I would be your approving supervisor. I know that there are also special circumstances, so I'd be happy to discuss specifics of this with you. Let me know if you have any questions or would like to discuss this further. If I cut my lunch short or do not take lunch (in lieu of staying late) in order to work on items with Chet am I entitled to comp time as I would be if I stayed late?
