**Subject:** Re: Assigning FBI docs to the meeting Re: duplicates

On dupes, I think I have a plan. For this meeting we will run a special dupes macro that will pull info from the org docs after we have assigned the org docs to an agenda. For all future meetings or boxes after Thursday we will assign dupes to the boxes. I have modified the macro so it does not send them to the Voting machine but they will then show up in the correct place for further processing. I need to coordinate this switch with you on thursday. PMSubject: Assigning FBI docs to the meeting Re: duplicates I do not know which duplicates go with which trunk due to the way the view "Ready for Box Assignment" is set up. I would prefer to discuss this in person because I do not feel I would explain well written. Please let me know when you are available.
