Some of you have expressed concern over the lack of attention that the guard's downstairs are paying to who is coming into the building. I have talked to their supervisor about this and they asked that I send them info regarding the approx. time and date of the incidents, some detail regarding the incidents, and who the guards were. (If you remember in the briefing that I gave, I told you that you would need to get badge numbers to report them.) If any of you would like to give me this info, I'll follow up on it. Thanks.
