What do you think about an off-the-record call to Posner? Perhaps hearing from us directly will move him to do the right thing.

We hope that the medical depositions will be available by the end of this year. We will make them available once we have completed that part of our work.2. We haven't decided how to handle Posner. Although we have not directly requested the tapes from him, his comments are rather adamant that he will not give them up now. Based upon my discussions with Humes and Boswell, I doubt that they said what Posner says that they said. David wants to stay out of the process on what we should do regarding Posner. What is your opinion?

Humes and Boswell. I applaud the ARRB for taking the step to depose them, and I eagerly await the transcripts when they become public. I do have two questions. First, is there a time frame when it is expected that the transcripts will become public? And two, and perhaps most importantly, has the ARRB been in contact with Gerald Posner and asked him to allow the review board to hear the tapes of his conversations with Humes & Boswell and/or to see his notes of those interviews? I realize you must be swamped, but I do eagerly await the answers to those questions. I thank you for your hard work and for your time, Barb Junkkarinen
