**Subject:** Re: Computers & Interns

I have checked on this, and the interns appear to have the appropriate access rights. What is the exact nature of the access problem?

Hi Chet. I know you sent me an e-mail that said, "this has been done," but, for some reason, they still do not have full access. (Noelle tried to pull the databases up for Rob, but to no avail.) Can you check it out? Thanks.

Thank you for setting up accounts for Rob and Krista. I think they should have access to some additional databases, since they are going to be here every day this summer. I have listed them below. I talked to Tracy and she said it would be okay. I cc:ed David, so that if he thinks it might be a problem, he can tell you. Thanks!

Hopefully, this will allow them to be a bit more integrated with the rest of the office, even though they are out by the kitchen. Thank you again.
