**Subject:** Re: Update on Roy Cooper film...ORIGINAL FOUND

Dear Mr. White: Thank you very much for your assistance on this matter. If it would not be too much trouble, I would appreciate receiving a copy of that article in the mail. I have not had much luck with the Star-Telegram on this so far. Our mailing address: ARRBATTN: Eileen Sullivan 600 E Street, NW Second Floor Washington, DC 20530 Again, many thanks. According to the article, Roy Cooper's son, Corey Cooper, lives in the Fort Worth suburb of River Oaks. There is no listing in the phone book for him. The article is too large (9x12) to fax without reduction, and you did not give me a fax number. If you need a copy, I can mail one. However, I suggest that you contact GARY MACK of the SIXTH FLOOR Museum, who is pictured with Corey in the story. I am sure Gary can give you Corey's address, phone number and all relevant details. Cordially, Jack White
