I would like to send this short note to urge you to request the materials that Gerald Posner has stated that he has, and has to this date not released. Re: Taped interview with Drs. Humes and Boswell re: Kennedy assassination and their change of "story". We have a right to know what happened to the man we elected. We are intelligent and can handle the information we receive. WHAT or WHO is everyone so afraid of? How long will this coverup go on? People will ALWAYS want to know. This is our history. It will never be old for we can never let it go, we can never forget. "WE THE PEOPLE". Mitti@servtech.com
