Subject: Re: Pager

I tested the number this morning and it still isn't working. They asked me to call back at 8:00 central time. I'll

keep you posted.To:Tracy Shycoff/ARRBcc: From:David Marwell/ARRB Date:07/18/96 10:34:18

PMSubject:PagerStill doesn't work. I spoke with customer service. They said if it doesn't work by tomorrow (Friday), I should call back (1-800-925-5217 -- do not allow them to connect you to anyone else. Yopu want to

speak to customer service). Please do. Here are the facts:Frequency: 931.8875 MHz. Pager Phone Number: 604-3168. Pager Number: A0092277. (Note: They ask for a seven digit number "at the bottom of the pager," A0092277 is they only number there. The "A" confuses them, but who cares.

**Body:** Thanks. Page we when everything is fixed. Have fun. See you Monday PM.
