Subject: Army Management Intern  
I received confirmation today that Laura Bell, an Army management intern, will starting working with us here beginning Monday, July 29, through approximately August 12. Laura has been engaged for the past two weeks preparing Army RIF's on documents and materials related to JFK reinterment. We have agreed to allow Laura use of one of our outer office computers so that she can spend the next couple of weeks preparing RIF's on declassified documents (chiefly photocopies of Pentagon Telecommunications Center microfilm) we have in our possession. Laura is fully trained in NARA RIF software and already has good rapport with Steve Tilley and Martha Murphy. If we can work it out, Chris may put one or more of next week's high school interns to work as a go-fer/assistant to Laura to help her work go faster.
