Subject: Re: Jeff Morley/CIA docs

I think Tom has told Morley. We can put these on the CIA agenda whenever we want. I think Mary should consider to which documents we wish to give priority and then have them reviewed at that time. To: Jeremy Gunn/ARRBcc: Mary McAuliffe/ARRB, Tom Samoluk/ARRB From: Manuel Legaspi/ARRB Date: 08/14/96 08:38:57 AM Subject: Jeff Morley/CIA docsA while back (07/30/96) I emailed you regarding Jeff Morley's letter about certain DRE operational reports (I discovered that these op reports were not included in the DRE folders in the JFK collection). At that time I made the recommendation that we wait until we hit the DRE folders in our line-by-line review before asking HRG to look for them. Just wondering... has this recommendation been accepted? Should we give HRG advance notice that we will want these files at some point? Are there any plans to inform Morley of our plans?
