**Subject:** Re: Connick Inventories

I have already double and triple checked the Marwell, et al. inventories that are on the computer against the tapes and records that I collected, but we can have Eric and Cathy help if you would like for them to. There are a few (6) entries on the Marwell, et al. inventories that were not in the boxes, but they each had odd descriptions, most unlike the other types of descriptions that were there. I talked to David last week and told him about these. Here is the list of what we did not get:Description on Marwell, et al. index1996 File Drawer1978 File Drawerloose doc: "transcripts of the following" -Drawer 3 Part IBlankListing 2 . . .Garrison's Closing ArgumentDrawer 3 Part II/#15Tom BethelDrawer 3 Part II/#31(we did get a second folder labeledTom Bethel)[loose in drawer]Drawer 4 Part IBlank196-C059 "C", 2 14:26 (30)Drawer 4 Part II/#1#199-480 "A", 4 14:107Drawer 4 Part II/#80Let me know what you need on this -- a memo? To:Laura Denk/ARRBcc:From:Jeremy Gunn/ARRB Date:08/30/96 07:11:57 AMSubject:Connick InventoriesAre there any records that are listed on either the HSCA inventory or the Marwell/Joyce/Samoluk/Gunn inventories that were not included in the transfer from Connick? I would like to get this issue pinned down. Please let me know briefly (orally) what your sense is and then develop a plan to ensure that we have double-checked the inventories. We can use the assistance of Eric and Cathy to complete this, if appropriate.
