Subject: Re: Reminder

Mary, I have not talked to Barry about CIA-1, other than to say that you are handling it. You should review our letter to CIA, review Michelle Seguin's list of documents that were not provided, and determine which records should be designated assassination records and identify any other records or types of records that CIA should make available in response. I had assumed all along that you would be handling our requests to CIA. Approximately one week before you left for your vacation, I asked you to give me an update on the status of all of our CIA requests. As you will recall, just before leaving, you said that I should talk to Barry about them inasmuch as you had not done so. From that point, I decided that because you were apparently not going to do any follow-up, I would talk to Barry and that I would henceforth be responsible for all of the requests except number 1. Please try to have CIA-1 in the best shape you can by September 19--and we can decide where to go from there. I'm unclear as to what you expect me to do.
