Subject: Re: FBI related computer stuff
I spoke with Carol, and she does want a copy of the updated database, and she has a computer ready to take it on. Now it is just a matter of how and when that can happen. I told her you would call and talk about this, as well as what needs to be done after they get the data so they can use it. Her number is 324-9494, that's FBI-9494. Her number is 202-324-9494.
