Subject: Re: Additional Information Request

I will leave the administrative codes Ann Parker gave me in your box. One of the inventories we received (MNO-85-0012) has a page listing file procedures, which I will also put into your box. I will add "Box 5-B 140.0 Reports and Files/Procedures" to SS-9. If you see something else to add to SS-9, let me know.

Subject: Additional Information Request

Have we requested (or have we received) a clear description of the Secret Service filing plan? If not ,shouldn't we include this in our request #9? We received an administrative manual from the FBI that was very helpful. Have we requested or received something similar from the USSS?
