Subject: Re: Meetings the next two days

Kermit:I am sorry for not getting back to you sooner. I had some communications problem with the laptop. Glenn's staff has received all of our media advisories and updates. He received our annual report last year and is copied in on all of our notifications concerning HSCA record determinations. We would be happy to provide a briefing for him and his staff at any time. It would be interesting to have a gauge of his likely reaction to an extension. We should stress to him the large remaining collections (FBI-HSCA, CIA-SEQUESTERED) while emphasizing the progress we have made with the other agencies and the core records. FBI will not complete their review for several years. Time limits were ambitious and unrealistic given the complexity and scale of the task. Good luck... Is there anything you would like me to do to press our case? I had an opportunity to visit with him last week over lunch and we talked about the ARRB, which he sees as his creation. Best, Kermit
