Subject: 4.16.3 FBI corresp. file
There have been and still are two 4.16.3 red wells in the 4 series file cabinet. Now these two redwells are labeled as follows: May 1996 - current, and through April 1996. If you are looking for a copy of correspondence previous to May 1996, it should be in the second folder labeled through April 1996. If you are looking for the file copy of correspondence anytime April 1996 or after it should be in the first file folder. Hopefully this bit of organization will help some. I may start a third 4.16.3 redwell if necessary due to volume of paper. If you have any questions let me know. Thanks, Cathy
