Subject: Re: Pathologists' Transcripts

Dear Dr. Matnik: Thank you for your January 8, 1997 e-mail. The transcripts of the medical depositions are not yet available, and at this time we do not know when they will be. Please be assured that all interested parties will be alerted when they are available. Sincerely, Eileen A. Sullivan

Dear Ms. Sullivan: Lonnie R Bristow, MD, is the immediate past president of the AMA and current member of the board of trustees. When several physicians (including me) protested George Lundberg's (editor of JAMA) use of the AMA logo at the news conference about the JFK pathologists and Lundberg's misuse of JAMA, Dr Bristow was rather unsympathetic. I will attend a county medical meeting with him on Monday, January 13, where my associate will be installed as president-elect. It would be interesting to present some aspects of the pathologists' transcripts (from the ARRB) to him at that time. When will they be made public? Sincerely yours, David W Mantik
