Subject: Re: Joe Freeman memo

Things are good: it's hard to complain when the weather's nice, you don't have to go to work but you're still busy all day, and you get to squash pro-British propaganda on the Musings database with your library at hand...On a more serious note, Cathy faxed along the letters to Rimestad and Garble: I note they're dated 1/2/96 (although I don't know when they actually went out). I don't know what you decided about whether or not I will be interviewing them, but we probably shouldn't take too long to follow up on the letters (again, perhaps someone is following up already, in which case disregard this prompt).I trust things are going reasonably well on your end?
