Subject: More re: Shepherd's Cove Family Shelter of P.G. County...

The Links are professional women who attempt to provide exposure & opportunities to people. They were established in 1946 & have chapters all over the US, one in Germany & some in Africa; about 15k members in total. My understanding is that they perform(ed) the following :- annual career development for high school students- annual debutante program- medical services (glaucoma testing, blood pressure testing, etc...)- national/international transient services- exposure of young people to the arts- annual walk-a-thon- collect school supplies for schools in Africa- tutor/mentor through Project Lead- collected clothing for residents of the Cape Verde Islands All I do, is help out from time to time (usually talk about criminology during their annual Career Symposium & might do a workshop on crime threats & today's women (specifically college women) for their debutantes... This year's theme is: "Physical + Social + Mental + Spiritual Health = The Strength To Carry On" ... The shelter needs stuff like: soap, toothpaste/toothbrushes, deodorant, combs, etc...

To: Dave Montague/ARRBcc: From: Janice Spells/ARRBDate: 02/07/97 11:32:24 AMSubject: Re: Shepard's Cove Family Shelter of P.G. County... I want to make a donation. Are there specific items and when do you need them? Also, what public services does The Links provide? To: ALLcc: From: Dave Montague/ARRBDate: 02/07/97 11:25:23 AMSubject: Shepard's Cove Family Shelter of P.G. County... The shelter assists battered/abused women & children of Prince George's County, Maryland & The Links, Inc. (a national public service organization), sponsors a family there. I'll be participating in a career forum/symposium on 02.22.1997 sponsored by The Links, for which they are asking for toiletry donations for the shelter. I will be more than happy to carry any donations when I attend... If anyone is interested in contributing, please ask me any questions...
