Subject: Re: Confirmation re: Robert Maheu
 we did not talk to Maheu about Morgan. I thought the idea was to just touch base with Maheu and make friends with him in case we found Morgan's papers and needed Maheu's okay to look at them. I don't really have an opinion as to who should make a follow up call.

 I don't recall our asking about Morgan, do you???...My opinion is that Maheu is not going to provide any additional information & that if another call is to be made, we should do it again (because of familiarity)...What is your opinion???

 Did you discuss with him any questions about Morgan, including whether he gave any records to Morgan or whether Morgan represented anyone else involved in this matter? If not, I would like us to call him back. Do you anticipate he will be cooperative? Should I call, or should one of you? Please let me know.

 CALL REPORT Issue # 43 Document's Author: Dave Montague & Kevin Tiernan/ARRB Date Created: 01.31.1997 Who initiated the call? Review Board's representative in the call: Dave Montague & Kevin Tiernan
 Morgan & Maheu Project Subject: Confirmation re: Robert Maheu
 Description of the Call _____ We spoke w/a "Maheu" recently who confirmed he's the same Maheu involved in the plot to assassinate Castro during the early 1960s & was an intelligence officer at one point. Maheu described himself as a "problem solver" & asked for background information about us before consenting to any further questions. We explained the nature of the Review Board & asked Maheu what he recalls re: the Castro issue or anything JFK related. Maheu made the following statements:-nothing was preventing him from speaking or disclosing any info; he has felt this way since the Church Committee-besides his previous testimony, he doesn't recall any other records-he was "...in the business of solving problems...not a private investigator..."-he's had his firm named "Robert A. Maheu Associates" since 1954-there is nothing he can add to his Church Committee & HSCA testimonies
 We related our interest in any other people who might have knowledge of such possible records, to which Maheu said "...I don't know of anyone else...take the 2 reports (Church & HSCA) & that is it...". We told Maheu we'd send some explanatory info to him just in case he does recall records or other sources of records; Maheu agreed to respond if he found any. We verified Maheu's information, asked him to inform us re: any possible records he might recall & thanked him for his time.
