**Subject:** Re: september federal register notice

Kevin -- what exactly do you mean by, "did you happen to this copy of the September notice?" It is actually very funny, considering Phil's effect on his work areas. Evidence: the pod, the SCIF, Phil's office. It could be a new figure of speech, as in: "Phil happened to this document." PMSubject: September federal register notice I have been looking for the copy of the September notice that Sydney worked on as verification that the Bureau prepared the September documents in the proper way. Apparently it was upside down on top of the box of documents, and the Jim Lesar FOIA materials that he had worked with were on top of that. When you went through the Lesar FOIA stuff to highlight the first copy, did you happen to this copy of the September notice?
