Subject: Re: HSCA Draft Final Report

Brian: Thanks. I would be very interested in seeing a fax of that, when you get a chance. Thanks. If you are interested, I could fax it to you. Let me know. I hope that we can move the draft final report, since there has been interest in the research community and maybe some press interest, if there are any interesting differences between it and the final report. Thanks. Tom To: Tom Samoluk/ARRBcc: Joseph Freeman/ARRB From: Brian Rosen/ARRB Date: 03/19/97 10:25:37 AMSubject: HSCA Draft Final ReportI have located the HSCA Draft Final Report. Unfortunately, there is no indication that it was ever referred to the CIA or any other agency. The report (the original document) was sitting out of the Security Classified boxes on a shelf in aisle 5-A of the SCIF. Although it was marked for CIA referral, it was not copied and delivered to the CIA in October because Cathy only copied for referral those documents that were tabbed and in one of the relevant boxes. After conferring with Bob, I referred the report to the CIA yesterday and expect it back relatively shortly. I also alerted Kevin to the situation and asked him to review the report for possible FBI equities and referral. If I can be of further assistance, please let me know.
