**Subject:** Re: HSCA Records

Is it worth a phone call first to find out more specifically what he has? Judging from the cooperative tone of his letter, I think he would be receptive to a telephone conversation. To: Brian Rosen/ARRBcc: Douglas Horne/ARRB From: Jeremy Gunn/ARRB Date: 04/30/97 07:23:49 AM Subject: HSCA Records Unless you think otherwise, could you draft a low-key letter saying that we would like him to forward the documents to us? Let me know what you think. To: Jeremy Gunn/ARRBcc: From: Brian Rosen/ARRB Date: 04/25/97 05:02:51 PM Subject: HSCA Records INCOMING CORRESPONDENCE Document's Author: Brian Rosen/ARRB Date Created: 04/25/97 Sender of the Correspondence Sender's Name: Calvin S. McCamy Sender's Salutation: Mr. McCamy Sender's Address: 54 All Angels Hill Road Wappingers Falls, NY 12590 Public Category: HSCA Staff Description of the Correspondence Correspondence Type: Date: 04/25/97 Subject: HSCA Records Full Text or Description of the Correspondence: Mr. McCamy did photographic analysis for the HSCA. His letter states that he returned all relevant photographic evidence and original drawings to the HSCA with his final report. He does have a file of letters, memoranda and other documents from the HSCA staff, all of which he believes would already be in our HSCA files. He also has some penciled notes and penciled drafts of his report, but he believes they would be largely unintelligible and meaningless to anyone else.
